**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are a satisfied residential customer of Sonic.net for our internet and telephone services. This competitive provider provides amazing service. They answer our questions, solve our problems, advocate for us.

Their broadband service provides fast and reliable service for my home business, personal correspondence, and volunteer activities.

Price hikes would become prohibitively expensive for customers like us.

We support broadband competition. Companies like Sonic should not get shortchanged, nor should their well served and happy customers.
